

## Shafer Basin 4WD

**Access to Shafer Basin is by way of Highway 279 going west from Moab. This is the entrance into that area near Moab. Below the typical view for the first 5 miles.**

**At 16 miles the road turns into a dirt 4WD road.**

**At 18 miles we pass the Potash Plant Evaporating Ponds. Below the view to the north.**

**Looking east as the road intersects the river at about 21 miles.**

**The scenic columns and cliffs are stunning.**

**We get our first glimpse of The Colorado River Gooseneck, our destination.**

**Joanne at our destination which is the area viewed from Dead Horse Point.**

**Joanne's view from the cliff.**

**A tiny figure dwarfed by nature's immensity with an equal amount of beauty.**

**The view to the north as we return.**

**We come to a balancing rock and face of stone.**

**Near Moab  
we pass the  
immense  
cliffs to the  
welcoming  
entrance to  
this amazing  
drive.**
